

ART of  
MENTORING

# Powerfully Simple Software

that delivers results.

**Effective mentoring is about more than just software.**

Our programs are purpose built using best-practice principles by our team of subject matter experts. We help organisations achieve their business objectives by providing powerfully simple technology, underpinned by strategic, purpose-led program design.

Embedded into all Art of Mentoring plans are world-class training materials for mentors, mentees and program managers to maximise success. Completed by over 80,000 people globally, we know what it takes to create great mentors.

**Art of Mentoring program benchmarks exceed 80% satisfaction ratings from all participants.**

Our **smart matching algorithm** specifically aligned with program objectives takes the guesswork out of the matching process. Step it up even further with Partner Prefencing features.

User-friendly, innovative and **highly scalable**. And of course, mobile responsive!

Advanced, templated email scheduling to **streamline administration** and maintain engagement.

**Highly-secure, GDPR compliant** cloud-based platform with strict privacy policies.

Give meaning to your mentoring program through **advanced survey and reporting tools** to provide insights and track organisational progress.

**Fully customisable** to capture the information you need for data integrity and segmentation, whilst ensuring your brand shines in the process.

**Single Sign On and integrations** with Microsoft Teams, Zoom and Skype.
